Easter Period 2021

There is no WA Quarantine service on Good Friday 02/04, Saturday 03/04 and Easter Sunday 04/04.

WA Quarantine resume their normal service on the Monday 05/04.

(All HPS Transport Depots are closed on Good Friday 02/04)

But if Growers, Produce Merchants and Processors want to supply anyone in WA including Coles and Woolworths on Saturday 03/04 or Sunday 04/04 of the Easter Period, then a WA Quarantine After Hours Priority Inspection Booking must be made by email only.

If we don't have the required information by the close of trading on Wednesday 31/03, then WA Quarantine After Hours Priority Bookings cannot be made.

WA Quarantine Inspectors are not contactable outside of their normal operational days / hours.

In the case of the Easter period, from and including Good Friday 02/04 to the early hours of Easter Monday 05/04.

Please assess Produce Consignments that need to be delivered over the Easter Period where WA Quarantine aren't operational and book a priority after hours inspection by the close of trading Wednesday 31/03.

(Email these requests to Ivor@hpstransport.com Rossm@hpstransport.com MiaS@hpstransport.com)

Two further aspects to note:

WA Quarantine Protocol is not available on Saturday 03/04, Sunday 04/04 and Monday 05/04.

This means that all Consignments of Stonefruit will need to arrive into Perth no later than Thursday morning 01/04 to be inspected.

All Consignments of Stonefruit arriving into Perth after Thursday 01/04 will be held under WA Quarantine status until Tuesday 06/04 when WA Quarantine Protocol resume normal operation.

WA Quarantine Follow-Up do not operate over the Easter Period. They close their office Thursday afternoon 01/04 and don't re-open until Tuesday morning 06/04.

This means that if a Produce Consignment is put on a hold status by the WA Quarantine Inspector during a priority after hours inspection, it will not be assessed with view to release until Tuesday morning 06/04.

This also extends to fumigation releases; if fumigation is undertaken after a priority after hours inspection during the Easter Period, it will not be released for pick up and delivery until Tuesday morning 06/04.

Also keep in mind that being a short week before Good Friday, the fumigation services are inevitably operating at capacity and should the fumigation process finish late Thursday afternoon 01/04,

WA Quarantine Follow-Up will have closed for the Easter Period and the release won't occur until Tuesday 06/04.
